**CONDITIONAL AND INTERIM USE PERMIT APPLICATION**

**Carlton County strongly recommends that you discuss your proposal with adjacent property owners before a formal application is made. Conflicts resolved in advance will make the application process more efficient.**

**PROPOSED USE:** \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

<b>IS THE USE REQUESTED TEMPORARY?</b>	YES	NO
<b>IS THE USE OWNER SPECIFIC?</b>	YES	NO
<b>DOES THE USE LACK SPECIFIC EXISTING OR NEW INFRASTRUCTURE?</b>	YES	NO

Keep in mind that the Planning Commission members, to whom this application is being presented, may not have personal experience or understanding of your particular intended use of the property. You will want to give a full description of your intended operation and how it will function, not just a title, such as “store” or “home business.” Keep in mind that the Planning Commission will use this information to determine whether to process your request as a Conditional Use Permit (runs with the land so long as conditions are adhered to) or Interim Use Permit (temporary use which will terminate at some future time, most often triggered by an event such as sale of a property, a specific date or a change in zoning regulations).

**PROVIDE A DETAILED DESCRIPTION AND REASON FOR THE REQUEST ON A SEPARATE PIECE OF PAPER THAT ADDRESSES THE FOLLOWING:**

- 1) Is the proposed use specifically listed in the zoning district in Carlton County Ordinance #27?  
If not, please address the following issues on a separate piece of paper:
  - a) Is the use similar in nature to other uses listed in the same zoning district?
  - b) Does the proposed use create a greater potential for impacts other than those listed? Can potential impacts be mitigated with appropriate conditions?
  - c) Is the proposed use compatible with adjacent land uses?
  - d) Is the proposed use consistent with the Carlton County Comprehensive Plan or the intent of Carlton County Zoning Ordinance #27?
- 2) Is the proposed use injurious to the use and enjoyment of other property in the immediate vicinity for the purpose already permitted, or substantially diminish and impair property values within the immediate vicinity?
- 3) Will the establishment of the conditional or interim use permit impede the normal and orderly development and improvement of surrounding vacant property for uses predominately in the area?
- 4) Are there adequate utilities, access roads, drainage and other necessary facilities? If not existing, how will they be provided?
- 5) Have adequate measures been taken, or will be taken, to provide sufficient off-street parking and loading space to serve the proposed use?
- 6) Have adequate measures been taken, or will be taken, to prevent or control offensive odor, fumes, dust, noise and vibration, so than none of these will constitute a nuisance, and to control lighted signs and other lights in such a manner that no disturbance to neighboring properties will result?

### FREQUENTLY REQUESTED INFORMATION

- **Carlton County Zoning and Environmental Services** is the zoning authority for all areas of Carlton County except the following cities: Barnum, Carlton, Cloquet, Cromwell, Kettle River, Moose Lake, Scanlon, Wrenshall, Wright and one township, Thomson. Carlton County also has zoning authority in shoreland areas (property within 1,000 feet of a classified lake or 300 feet of a classified river or stream) in the City of Cromwell and Thomson Township.
- Check with the Zoning and Environmental Services Office to find the **zoning district**. The zoning district will dictate the lot size requirements, setbacks and property use. See attached Table 1 and Table 2.
- **Zoning permits** are required for building or moving any structure, no matter the size, including dwellings, additions, decks, privacy fences, garages, storage containers, outhouses, signs and sheds. Zoning Permits are not required for replacing windows, doors, re-siding or re-roofing (new shingles).
- The **State Building Code** is not enforced by the County in the rural parts of Carlton County.
- The design, location, construction and abandonment of **wells** are regulated by the Minnesota Department of Health 218-302-6166.
- Electrical work is regulated by the Minnesota Department of Labor and Industry 651-284-5026. The **state electrical inspector** for our region is James Killian 218-851-9648 or contact the Minnesota Department of Labor and Industry.
- If a **new driveway** is proposed off a township road, you must contact the specific township to obtain a driveway permit. If the driveway is coming off a county road, you must contact the Carlton County Transportation Department for a driveway permit. If the driveway is coming off a state road, you must contact the Minnesota Department of Transportation.
- A **sewage treatment system** permit is a separate application obtained from the Zoning and Environmental Services Office by you or a licensed designer. Septic systems are required to be designed by a designer with a current license from the Minnesota Pollution Control Agency.
- If a structure has **pressurized water**, the structure must be connected to a compliant septic system.
- A **Certificate of Compliance** on a septic system is required when applying for any permit or at point of sale for structures located within 1,000 feet of a classified lake or 300 feet of a classified river or stream. A Certificate of Compliance on a septic system is required if adding bedrooms.
- The Carlton County Zoning and Environmental Services Office regulates activities in wetlands (**swamps and low areas**) and permits are required. There are many types of wetlands, including shrub and wooded wetlands. Check with the Zoning and Environmental Services Offices for information and maps.
- The Carlton County Zoning and Environmental Services Office regulates activities in **shoreland areas** including excavating, filling and vegetation removal. If your proposed project includes excavating, filling or vegetation removal in a shoreland area (within 300 feet of a classified lake, river or stream), a Shoreland Alterations Zoning Permit or Conditional/Interim Use Permit may be required.
- An E-911 number/address is required for all primary structures in Carlton County. Please obtain and complete an E-911 **New Property Address Assignment** Application if you currently do not have an E-911 number/address for your primary structure.
- If the proposed use is not listed as a permitted use in Carlton County Zoning Ordinance #27, a **Conditional/Interim Use Permit** may be required.
- If the proposed structure or lot does not meet the dimensional requirements or setbacks of the zoning district, a **Variance Application** may be required.

NA = Not applicable

1 = Density refers to the number of dwelling units permitted within the corresponding acreage or the number of freestanding or detached businesses under single ownership permitted within the corresponding acreage.

2 = UD refers to underlying or primary zoning district standards which apply within the corresponding overlay district. Where a UD standard is different from an overlay standard, the more restrictive standard shall apply, except DNR riparian lot standards always apply. See Art. 4, Sec. 4, Subd. H.7. for additional shoreland standards.

3 = Cluster refers to a subdivision arrangement that preserves agricultural and forest land as provided in Ordinance #27 and Carlton County Subdivision Ordinance.

4 = M & B refers to a parcel of land created by metes and bounds description and includes other non-platted parcel descriptions.

5 = Plat refers to a parcel of land created by the platting procedures of the Carlton County Subdivision Ordinance.

6 = Minimum lot area is 1/2 area with public sewer.

7 = Non-sewered riparian lot areas are: NE:80,000 sq. ft., RD:40,000 sq. ft.; GD:20,000 sq. ft. See Art. 4, Sec. 4, Subd. H.7. for additional dimensional standards.

8 = Buildable area is a contiguous land area which is unencumbered by surface water, wetlands, floodplain, exposed bedrock, or slopes in excess of 12%.

9 = Non-sewered riparian lot widths are: NE:200 ft., RD:150ft.; GD:100 ft. See Art. 4, Sec. 4, Subd. H.7. for additional dimensional standards.

10 = OHWL means the ordinary high water level of the corresponding public water.
