- Check with the Zoning and Environmental Services Office to find the **Zoning District**. The Zoning District will dictate the lot size requirements, setbacks and property use. See Carlton County Zoning Ordinance #27 - Table 1 Dimensional Standards and Table 2 Height, Setback and Lot Coverage Standards.
- **Zoning Permits** are required for building or moving any structure, no matter the size, including dwellings, additions, decks, privacy fences, garages, storage containers, outhouses, signs, recreational vehicles (under some circumstances) and sheds. Zoning Permits are not required for replacing doors, windows, re-siding or re-roofing (shingles).
- The **State Building Code** is not enforced by this office in the rural parts of Carlton County.
- The design, location, construction and abandonment of **wells** are regulated by the Minnesota Department of Health 218-302-6166.

If the driveway is coming off a county road, you must contact the Carlton County Transportation Department for a driveway permit. If the driveway is coming off a state road, you must contact the Minnesota Department of Transportation.
- A **Subsurface Sewage Treatment System Permit** is a separate application obtained from the Zoning and Environmental Services Office by you or a licensed designer. Septic systems are required to be designed by a designer with a current license from the Minnesota Pollution Control Agency.
- If a structure has **pressurized water**, the structure must be connected to a compliant septic system.
- A current **Certificate of Compliance** for a septic system is required when applying for any permit or point of sale for structures located within 1,000 feet of a classified lake or 300 feet of a classified river or stream.
